WIT AND HUMOR.

This is a specimen of orthography in a letter received from an applicant for

as rides in father's carriage."—Harper's party during the walk around.

as rides in father's carriage."—Harper's

Bazar.

Young Hobson—"What beastly stuff this is!" Uncle John—"They say on the bill of fare it is their own importation, from the Box & Cox Company (limited), wine merchants to his Highness the smelling, low-reilinged spartment, part they first visited the boys' playroom, where they stay in bad weather and where they congregate at night occasionally to study. This room was entired through a narrow zigzag passage, way, and was found to be a dark, bad way, and way found to be a dark, bad way, and way found to be a dark, bad way, and way found to be a dark, bad way, and way found to be a dark way.

stinence and the evils of drink were inculcated by an army of sincere advocates who appealed to the intelligence and the conscience of the public. There were few villages in New England in which there was not an active and vigorous temperance society which maintained a public meeting. At this period moral forces were relied upon to carry on the work of temperance society which maintained a public meeting. At this period moral forces were relied upon to carry on the work of temperance. The rapid growth of temperance sentiment during that period proves the efficacy of moral and intellectual agencies. In time the reformers found their work impeded by the traffic, and they appealed to law. Law was a useful auxiliary when sustained by public sentiment. When it is not, or when any community is so indifferent about the evils which law is not and the work of the meanual traffic and the vill which law is one at iteration. There were sent manufacture? Did it ever posent itself to the special agent if properly handled. In this line the Cincin that no fixece was ever washed clean to the typic of the fleece was ever washed clean that no fleece was ever washed clean to the the fleece was ever washed clean to the fleece was ever washed clean to the fleece was ever washed clean to the fleece was ever washed clean that no fleece was ever washed clean that no fleece was ever washed clean that the tyok of the fleece. When thoroughly the cast-off clothing of the boys, hung up to air two weeks ago, when the boys is said the fleece. When thoroughly clothes a rivied of fixed oil. This preserver ten in jury—a soap, in fact, mixed with which there was not an active and vigorous temperance society which maintained a public meeting. At this period moral forces were relied upon to carry on the work of temperance. The rapid growth of temperance sentiment during that period proves the efficacy of moral and intellectual agencies. In time the reformers found their work impeded by the traffic, and they appealed to law. Law was a useful auxiliary when sutained by public sentiment. When it is not, or when any community is so indifferent about the evils which law is different about the evils which law is when the boys had work to do. The rance rather than a help. By degrees, museum. Out in the yard the boys were moral agencies came to be more or less neglected by those who are leaders in the temperance movement. Instead of from the lads, that fot one of them presenting arguments and appeals to wore underclothing. Some of them—the head and the conscience, and of depicting the evils, the burdens and the tember-wore the cast-off clothing of wretchedness which the drink traffic the older boys. A little fellow with a entails upon the community, the neces- shrunken leg walked lame toward the sity of law as the means of stopping the trade is more prominent. The reasons in favor of temperance and against intemperance are not given as formerly,

Lord Tennyson has again recorded a public protest against the epistolary persecution from which he has suffered even more than most eminent men. The pertinacity of these unwelcome correspondents is the less excusable, as the pondents is the less excusable, as the content of the pertinacity of these unwelcome correspondents is the less excusable, as the content of the pertinacity of these unwelcome correspondents is the less excusable, as the content of the pertinacity of these unwelcome correspondents is the less excusable, as the content of the pertinacity of these unwelcome correspondents is the less excusable, as the content of the pertinacity of these unwelcome correspondents is the less excusable, as the content of the pertinacity of these unwelcome correspondents is the less excusable, as the content of the pertinacity of these unwelcome correspondents is the less excusable, as the content of the pertinacity of these unwelcome correspondents is the less excusable, as the content of the pertinacity of these unwelcome correspondents is the less excusable, as the content of the pertinacity of these unwelcome correspondents is the less excusable, as the content of the pertinacity of these unwelcome correspondents is the less excusable, as the content of the pertinacity of these unwelcome correspondents is the less excusable, as the content of the pertinacity of these unwelcome correspondents in the excusion of the content of the pertinacity of the pertinacity of these unwelcome correspondents in the content of the pertinacity of the pertinacity of these unwelcome correspondents in the content of the pertinacity of the pertinacity of these unwelcome correspondents in the content of the pertinacity of the pertina pondents is the less excusable, as the large that his never made a secret of his short and summary way of freating them. All letters from the legion of Lord Tennyson's unauthorized correspondents become dead letters. They not only die, but are buried out of sight and out of mind forever. The poet himself does not open one of the thousands of such letters which the post annually discharges at his door, nor does he ever read a line of their contents. The good manually discharges at his door, nor does he ever read a line of their contents. The good manually discharges at his door, nor does he ever read a line of their contents. The good manually discharges at his door, nor does he ever read a line of their contents. The good manually discharges at his door, nor does he ever read a line of their contents. The good manually discharges at his door, nor does he ever read a line of their contents. The good manually discharges at his door, nor does he ever read a line of their contents. The good manually discharges at his door, nor does he ever read a line of their contents. The good manually discharges at his door, nor does he ever read a line of their contents. The good manually discharges at his door, nor does he ever read a line of their contents. The good manually discharges at his door, nor does he ever read a line of their contents. The good manually discharges at his door, nor does he ever read a line of their contents. The good manually discharges at his door, nor does he ever read a line of their contents. The good manually discharges at his door, nor does he ever read a line of their contents. The good has a double to take the exclusive saie of them, and modestly requested the loan of \$1,000 "to operate with." He disclosed to the attentive senator a system he had "dropped on" to break all the faro games on the American continent. The senator regretted not having that amount of silver in his vest pocket, but had a mount of silver in his vest pocket, but had a mount of silver in his vest pocket, but had a mount

in referring to possible candidates re-cently, mentioned Mr. Long and Mr. that bread and treacle formed a chief Reed as among the number. A few days later he met Mr. Long, who thanked him for the compliment, but said:
'You will have to withdraw my name of General Best. You will have to withdraw my name now. Reed and I have made a bargain. He has offered me \$15 to withdraw in his favor and make a speech nominating him at the next Republican Convention. The only hitch in the proceedings is, plishments. that I want the \$15 down; but he wants to pay \$5 now and the other \$10 sfter who described Pauline Markham's voice where, the speech is made." as "vocal velvet"

The Importance of Moral Agencies.

The death of John B. Gough has led several prominent fournals to speak of his work and his methods as a ten perance reformer. All of them agree that no man had done more than he to arouse public attention to the myriad evils of intemperance, and to create a native work her wills of intemperance, and the wenty and their way to the formal perance to total abstinence, no one man exercide spowerful an influence in that direction as he. Tens of thousands more heard of them, and his server distorted the same time the sentiment of total abstinence, no one man exerced spowerful an influence in that direction as he. Tens of thousands more heard of them, and his early life was known in every community. At the same time the sentiment of total abstinence, no one man exerced spowerful an influence in that direction as he. Tens of thousands more heard of them, and his early life was known in every community. At the same time the sentiment of total abstinence, no one man exerced spowerful an influence in the same time the sentiment of total abstinence, no one man exerced spowerful an influence in that direction as he. Tens of thousands more heard of them, and his early life was known in every community. At the same time the sentiment of total abstinence, no one man exerced spowerful an influence in that direction as he. Tens of thousands more heard to the intelligence of the same time the sentiment of total abstinence, no one man exerced spowerful an influence in the same time the sentiment of total abstinence, no one man exerced spowerful an influence in the same time the sentiment of total abstinence, no one man exerced spowe articles at the stores, and, if years, when a friend advised me to take The average man still clings to washing sheep. Did it ever occur to such that no fleece was ever washed clean demand, they are a source of profit by this medicine. It gave prompt relief, and has cured me." Mrs. H. M. Kidder, 41 Dwight st., Boston, Mass., writes: "For the buyers will always try to convince the owner of unwashed wool that it is worth less than washed, but the quality to be suspended from the shoulders the trouble. We procured a bottle of being all right he buys it.

In relation to the amount of yolk in wool, in healthy flocks of uniform grade it is quite even, but varies in different breeds. In the Leicester and other long wools 25 per cent may be yolk, and from this unit over 75 per cent in the form the waist's delicate curve. Consequent.
